### OBITUARY.

**Mrs. David P. Leverage.**  
 Following an illness of about three years, death came to end the sufferings of Mrs. Mary Louise Driscoll, wife of David P. Leverage, on Monday morning about 1:30 o'clock at her home, 169 Forest street. Her death was due to tuberculosis of the bowels.

Mr. and Mrs. Leverage were married in Manchester about ten years ago, and since that time she has resided in Norwich. Her husband is a freeman by occupation, and at the present time he is engaged in a business on a steamboat in New Hampshire. Besides her husband, Mrs. Leverage leaves two children, Dennis, aged 9, and Mary Louise, younger. There are also one brother, Timothy, and one sister, Margaret, of Asylum street. The deceased bore her sufferings with patience, and much sympathy is felt for her little ones.

**Mrs. Cornelius Beckwith.**  
 Mrs. Cornelius Beckwith died at the home of her brother, W. E. Smith, in Niantic on Sunday afternoon at 2 o'clock after a few days' illness caused by a complication of diseases. She was 70 years old. She was a native of Niantic, where she had lived for most of her life. About four years ago Mr. and Mrs. Beckwith went to Hartford to make their home with their daughter, Mrs. William Mott. They were Niantic relatives when Mrs. Beckwith's death occurred.

## SECURE PEASE BROOK

**Common Council Votes Approval of Securing This Watershed—Alderman Ely Claims Error of Twenty Feet in Elevations Used at Site of Proposed Dam.**

The special meeting of the court of common council on Monday evening in the council chamber had a full attendance and the council approved a resolution of the board of water commissioners, which provoked a lengthy discussion of the water question. The speakers listened to the discussion.

Mayor Thayer at once called upon Stephen D. Moore to read the resolution from the board of water commissioners, which provoked a lengthy discussion of the water question. The speakers listened to the discussion.

The following was the resolution: Whereas, the water shed and storage of the present water works are in the opinion of the board of water commissioners, insufficient to furnish such a supply of water as the present and near future necessities of the city of Norwich require; and

Whereas, considerable time will be necessary to construct new works to supplement those now existing, and in the opinion of this board it is our duty to the city to take immediate steps to increase the water supply; and

Whereas, the general recommendations of the board of water commissioners, bearing date March 22, 1901, printed in the appendix to the Journal of the proceedings of the council of said city for the year 1900-1901, were approved by the board of water commissioners for said year, and also the approval of this board;

Therefore, subject to the advice and approval of the court of common council of the city of Norwich, Resolved, That the board of water commissioners of the city of Norwich, and in behalf of the city, do hereby adopt the general plan of H. H. Quick and Allen, as outlined in their said report dated March 22, 1901, and that in pursuance of said general plan, the board proceed to acquire by purchase or by right of eminent domain, and to take and hold as provided in the charter of the city of Norwich, all lands, tenements, and other property, and all rights and privileges as are or may be necessary for the construction of reservoirs, canals, aqueducts or other works for conveying or containing water or for laying pipes or conduits for conveying water in or through the city of Norwich, and to take and hold as provided in the charter of the city of Norwich, all lands, tenements, and other property, and all rights and privileges as are or may be necessary for the construction of reservoirs, canals, aqueducts or other works for conveying or containing water or for laying pipes or conduits for conveying water in or through the city of Norwich, and to take and hold as provided in the charter of the city of Norwich, all lands, tenements, and other property, and all rights and privileges as are or may be necessary for the construction of reservoirs, canals, aqueducts or other works for conveying or containing water or for laying pipes or conduits for conveying water in or through the city of Norwich, and to take and hold as provided in the charter of the city of Norwich, all lands, tenements, and other property, and all rights and privileges as are or may be necessary for the construction of reservoirs, canals, aqueducts or other works for conveying or containing water or for laying pipes or conduits for conveying water in or through the city of Norwich, and to take and hold as provided in the charter of the city of Norwich, all lands, tenements, and other property, and all rights and privileges as are or may be necessary for the construction of reservoirs, canals, aqueducts or other works for conveying or containing water or for laying pipes or conduits for conveying water in or through the city of Norwich, and to take and hold as provided in the charter of the city of Norwich, all lands, tenements, and other property, and all rights and privileges as are or may be necessary for the construction of reservoirs, canals, aqueducts or other works for conveying or containing water or for laying pipes or conduits for conveying water in or through the city of Norwich, and to take and
